He has lead engagements in quality, operations, Lean Six Sigma, and Finance divisions including training and Kaizen facilitation, with clients and teams of all sizes, delivering millions of dollars in client value.

Education:

Ph.D., Chemistry, LSU
MBA, Northwestern University
Certified Lean Six Sigma Black Belt and Master Black Belt

Functional Expertise

- Manufacturing / Production
- Cleanroom (Class 100)
- Service / Transactions
- Supply Chain
- Engineering / R&D
- Operations
- Quality Systems
- Lean Six Sigma/Process Excellence
- Sales and Marketing
- Executive Management
- Training / Facilitation

Industry Experience

- Energy
- Petrochemical
- Analytical Chemistry
- Lasers, Optics, Photonics, Laser / Optical Imaging Systems, Electro-Mechanical Devices / Thin films, Vapor Deposition
- Precision Cleaning
- Electronics
- Fuel Cells

Relevant Experience

Global Petrochemical Company:

Lead the structure and delivery of over \$50 million in project benefits for the assets division through issue based consulting, Lean Six Sigma Project Coaching and Execution, Training, and Kaizen Event Design and Leadership.

Energy /Fuel Cell Companies:

Provided overall direction and leadership for Quality Engineering and Manufacturing Operations including development, oversight, and implementation of an ISO and Lean Six Sigma Quality Systems in the production and research divisions. Built the infrastructure from the ground up, creating new manufacturing and quality divisions, and served as the lead process data analyst. Achieved , on average, over \$10MM in bottom line savings/year.

Electronics/Laser and Optical Products Companies:

Provided leadership for a multidisciplinary team of senior managers, chemists, engineers, and technicians to establish and rapidly grow an optics manufacturing capability in a new division of a \$100 M optical equipment and products company, completing projects that yielded > \$2MM of new revenue in less than 6 months. Led a variety of advanced complex Lean Sigma projects and Quality Improvement initiatives that achieved bottom line savings in excess of \$5MM/year.
